monoxide, which lead to headaches, nausea, loss of consciousness and are deadly.

- 4 - INTRODUCTION

Thank you for choosing and purchasing a vehicle manufactured by CFMOTO! Welcome to the worldwide family of owners of our products. We are proud to present a line of equipment for multi-purpose use and active recreation:

- All-terrain vehicles (ATV)
- Utility all-terrain vehicles (UTV and SSV)
- Motorcycles
- Scooters

This equipment can be successfully used both for recreation and entertainment, as well as as transport for patrol personnel.

CFMOTO, specializing in the development of liquid-cooled engines, is one of the main manufacturers and suppliers in China.

Compared to air-cooled engines of the same volume, liquid-cooled engines have more stable thermal characteristics, are more powerful and economical, and also have a longer service life.

In order for the operation of the vehicle to be safe and enjoyable, please follow the instructions and regulations contained in this manual. It sets out the minimum requirements, compliance with which will allow you to maintain the equipment in good condition. All information regarding the repair of CFMOTO equipment is available in the instructions provided to the service centers of official dealers. Our official dealers are CFMOTO product specialists and are ready to satisfy all your claims and service your equipment in the best way.

Products are constantly being improved in design and quality, therefore, the characteristics and descriptions given in this manual may slightly differ from the actual design of the vehicle you purchased. The data in this manual should only be used as reference information.

- 6 - VEHICLE IDENTIFICATION NUMBERS

Write down the vehicle identification numbers from the specified locations. Keep a spare key in a safe place. A duplicate can be made from the sample of your key. If you lose both keys, you will need to replace the cylinder mechanism of the ignition lock, the filler neck lock and the anti-theft device (access from the niche of the front right wing) with a new one, with other keys.

1 Vehicle frame identification number: _____

2 Vehicle model number _____

3 Engine serial number: _____

- 7 - SAFETY

Owner Safety

WARNING

Failure to comply with the warnings contained in this operating manual may result in serious injury or death. An ATV (all-terrain vehicle) is not a toy and can be dangerous. Driving this vehicle has features compared to driving a motorcycle or car. If proper precautions are not taken, a collision or rollover may occur even during normal maneuvers such as turning, driving on slopes, or overcoming other obstacles. Before operating the ATV, read and study this manual and all warnings.

Age restrictions

The vehicle is intended for operation ONLY BY ADULTS. Persons under 16 years of age are not allowed to operate the vehicle.

Study your vehicle

As the vehicle owner, you are responsible for your own safety, the safety of others and the protection of the environment. Read and study the operating manual, which contains valuable information about all the properties of the vehicle, including safe operating methods.

- 8 - SAFETY

Safety Training

When purchasing a new ATV, the official CFMoto dealer conducted a practical safety course with you, covering all aspects of safe vehicle operation. You were also provided with printed materials explaining safety practices. You should regularly review this information.

If you purchased a used ATV not from an authorized dealer, we recommend taking a safety basics course with him.

Since this ATV is an off-road vehicle, familiarize yourself with all laws and regulations regarding the operation of this vehicle in your region.

We strongly recommend that you carefully follow the maintenance schedule provided in this Manual. The preventive measures program is designed to ensure that all the most important elements of the vehicle are thoroughly and promptly checked.

The following words and symbols relating to safe vehicle operation are used on the stickers on the ATV, as well as in this Manual. Before reading the User Manual, familiarize yourself with their meaning.

- 9 - SAFETY

Owner Safety

WARNING (precaution)

This is a warning symbol. It is used on the vehicle and in this Manual to warn you of potential injury hazards.

The message "WARNING" is a warning and accompanies a description of a dangerous situation that could lead to serious injury or death.

CAUTION

The message "CAUTION" accompanies a description of a dangerous situation that could lead to injury or damage to the vehicle.

NOTE

The message "NOTE" accompanies important information or instruction.

Owner Safety

WARNING

Disregard for the instructions and procedures highlighted below in the User Manual may result in serious injury or death.

- Carefully read this Manual and the labels on the vehicle and operate the ATV in accordance with their recommendations.
- It is forbidden to operate the ATV without proper instruction. Take a training course. Inexperienced drivers should take a training course with a certified instructor. Contact your official CFMoto dealer and find out about the courses nearest to you.
- Avoid operating the ATV on highways, public roads, paved surfaces, shoulders, roadside areas, parking lots and streets.
- Never allow persons under 16 years of age to operate the ATV.
- Do not allow your friends to drive the ATV until they have read this manual, all labels on the vehicle, and have completed a practical safety course at an authorized center.
- Never operate the ATV without proper equipment: a suitable helmet, eye protection, gloves, a long-sleeved jacket, long pants, and special shoes.
- Never combine driving with alcohol or psychoactive substances.
