

## Beta - Beta RR125 enduro-motard service manual

### INDICE

1

### RR 125 cc ENDURO / MOTARD

Thank you for your confidence and have fun.

With this manual we wanted to give you the information necessary for a correct use and good maintenance of your motorcycle. RR 125 cc ENDURO / MOTARD We would like to congratulate you on your purchase. Let us also take this opportunity to thank you for putting your trust in us; we will not let you down.

### INDICE

2

### ECOLOGIC DRIVE

The noise and the pollution of every vehicle depends on how it is driven. We strongly recommend you to drive steadily, without strong acceleration and deceleration.

#### SAFE DRIVE

obey traffic rules;

always wear your safety helmet, correctly fastened;

keep your visor clean;

wear clothes which do not flap about;

do not ride with fragile or pointed objects in your pocket;

adjust your mirrors correctly;

drive with your hands and feet in the correct drive position;

always concentrate when you drive;

do not eat, smoke, use the cellular phone, etc. when you drive;

maintain a safe distance;

always use the (low) lights, even in daylight;

wheeling, windling and rocking are very dangerous;

use both the brakes;

take care when the road is wet, dirty, slippery;

do not start the engine in enclosed spaces.

Drive carefully, to preserve your own and the other lives. Respect the nature. Always wear the helmet.

### GUIDA ECOLOGICA

The noise and pollution produced by each vehicle largely depends on how it is driven.

We recommend you drive regularly, without strong accelerations and decelerations.

#### SAFE DRIVING

respect the traffic laws;

always wear an approved and fastened helmet;

always keep the visor clean;

wear clothes without dangling ends;

do not travel with sharp or fragile objects in your pocket;

adjust the rearview mirror correctly;

always drive seated and with both hands on the handlebars and your feet on the footrests;

# BL Motorcycles Ltd

*Professional Workshop Manual - English Translation*

never get distracted or be distracted while driving;  
do not eat, drink, use the cell phone, etc. while driving;  
do not listen to music in "headphones while driving";  
never travel alongside other vehicles;  
do not tow or be towed by other vehicles;  
always keep a safe distance;  
travel with low beams on even during the day;  
wheelies, serpentines, swaying are very dangerous for both the driver and others and for the bike;  
use both brakes, paying particular attention in case of slippery surfaces (rain, mud, off-road driving, etc.);  
do not start the engine in enclosed spaces.

Drive with caution, respecting the traffic laws and the nature that surrounds us, always wearing a helmet, are demonstrations of profound civility.
