Tornado Tre 1130

General Information

Dear Customer:

We invite you to read this Manual before using your new TORNADO TRE 1130.

BL Motorcycles Ltd

Professional Workshop Manual - English Translation

This manual contains important information for the safe use of the motorcycle and for its maintenance in efficient condition. Keep it in the appropriate document holder.

In any case, remember that TORNADO TRE 1130 is a high-performance motorcycle that requires careful and precise driving.

Avoid pushing the motorcycle to its limit if you are not sure of your ability to maneuver it, and whenever you are riding on public roads or roads open to the public, strictly respect the rules of the Highway Code.

Always remember to wear a homologated helmet, of your size, and always correctly fastened.

In addition, we recommend that you always wear appropriate protective clothing.

1.1 Symbology

To make the reading of the most important information clearer and faster, we have used the following symbols:

Danger Warns that there is an intrinsic serious danger that could cause personal injury and even fatal accidents if the warnings provided are not taken into account.

Warning Warns that there is a danger that could cause personal injury and accidents, even fatal, if the warnings provided are not taken into account.

Caution Reminds of a safety measure to be followed or an unsafe action to be avoided in order not to run the risk of personal injury or damage to the motorcycle.

Benelli Q.J. s.r.l. reserves the right to modify its products and this manual at any time.

In cases where there is a discrepancy between what is established in the Manual and the specific equipment of your Motorcycle, do not hesitate to download the updated version of the Manual from the website www.benelli.com, or contact Benelli Customer Service at +39 0721.418740, which will send you the updated version.

4 2) engine registration number

1.2 Identification Data

1. chassis registration number
2. engine registration number
3. homologation data

It is advisable to record the data in the spaces below.

Chassis Number ZBN _____

Engine Number _____

Color Code _____

Key Number _____

BL Motorcycles Ltd

Professional Workshop Manual - English Translation

Motorcycle Identification

The motorcycle is identified by the chassis registration number.

Key Identification

A key is provided, with four copies, to be used both for starting and for operating all locks. Keep the spare copies in a safe place.

Knowledge of the key identification number is essential in case it is necessary to request a duplicate key as a spare part.

Color Combination Identification

The color code is essential for ordering bodywork spare parts. This code can be viewed on the plates located under the seat.

Spare Parts Order

To order spare parts, in addition to the chassis registration number, it may be necessary to indicate the engine registration number, the color code and the key identification number.

3) homologation data

1) chassis registration number

key identification number

Color code plates

6 2 Safety Information

2.1 Safety

2.1.1 Motorcycle Modification and Alignment Personalization

CAUTION It is absolutely forbidden to tamper with the motorcycle, modifying its mechanical components or replacing them with non-original spare parts. These actions can not only invalidate the vehicle's approval, preventing its use on public roads, but can also cause serious damage to the user and the vehicle itself. Benelli Q.J. is not responsible for any damage to people or objects caused by any modifications made to the original conditions of the motorcycle.

You can personalize the alignment of the TORNADO TRE 1130 suspensions by intervening on the appropriate adjustments. This operation is absolutely discouraged unless the user is completely sure of his technical knowledge. Modifying the alignment can impair the safe use of the motorcycle and therefore should only be performed by experienced people. In cases where you want to personalize the alignment of the motorcycle based on personal needs, we recommend contacting an Authorized Benelli Workshop, the list of which can be found on the Benelli Q.J. Website www.benelli.com or by calling Benelli Customer Service at +39 0721.418740.

2.1.2 General Safety Rules

Before starting to drive, make sure you know well the operating principles of the controls, the characteristics, I
