4

WARNING

The engine exhaust gases of this vehicle contain chemical compounds that contribute to the development of cancer, birth defects, and reproductive disorders.

A card containing important information on the safe operation of an ATV/quad bike must be attached to the operating manual, which begins on the next page. If you cannot find this card or if the card has been lost, contact an official CFMoto dealer.

INTRODUCTION

Congratulations on your purchase of an ATV/quad bike! (hereinafter referred to as a quad bike)
This operating manual will give you a general idea of the characteristics and operating principles of the quad bike. It contains safety information and explains the techniques and skills necessary to operate the quad bike. The manual also describes the basic principles of preventive maintenance and inspection procedures.
If you have any questions regarding the operation or maintenance of the quad bike, discuss them with an official

VEHICLE PASSPORT NUMBERS

Copy the vehicle passport numbers from the indicated locations. Store the spare key in a safe place. A duplicate can be made from your existing key. If you lose both keys, you will need to replace the ignition lock cylinder mechanism with a new one with different keys. Remember that the ignition key is also the key for the anti-theft steering column lock.

WARNING

Failure to comply with the warnings contained in this operating manual may result in serious injury or death. A quad bike is not a toy and can be dangerous. Operating this vehicle has features compared to operating a motorcycle or car. If proper precautions are not taken, a collision or rollover can occur even during normal maneuvers such as turning, moving on slopes, or overcoming other obstacles. Before operating the quad bike, read and study this manual and all warnings.

Age restrictions

The vehicle is intended for use by ADULTS ONLY. Persons under the age of 16 are not allowed to operate the vehicle.

Study the vehicle

BL Motorcycles Ltd

Professional Workshop Manual - English Translation

As the vehicle owner, you are responsible for your own safety, the safety of others, and the protection of the environment. Read and study the operating manual, which contains valuable information about all the vehicle's features, including safe operating methods.

Safety training methods

When purchasing a new quad bike, the official CFMoto dealer conducted a practical safety course with you, covering all sections of safe vehicle operation. You were also provided with printed materials explaining safety techniques.
